NOBODY was hurt in this Junipero Serra - Knowles avenue crash Wednesday noon last week when an M&D ambulance, red light on and siren blasting, was struck by sedan (at left) while the hospital vehicle was en route to pick up and take a Westlake woman to the hospital for her fourth child. Driver of the auto was cited for failure to yield the right of way to the emergency vehicle. The expectant mom, Mrs. Giulio Goggiano, 812 North Mayfair, was taken to the hospital a few minutes later by another M&D ambulance. The baby arrived two hours later in good shape.

Teachers Will Voice 'Choice' On Candidates

Charles E. White, president of Jefferson Elementary Districts Classroom Teachers Association, announced today the Association will select a screening committee to interview all candidates interested in running for the board of trustees in the May 19 election.

"The teachers of the district desire to have the most qualified residents of Daly City as members of the board of trustees" White said. "The Screening Committee will be composed of leading citizens representing all areas of the district and will be capable of passing upon the qualifications of candidates. From those interviewed, it will select two people to run for the vacancies on the board."

White said he expected to announce the members of the Screening Committee next week and the dates on which it will interview candidates.

"The California Teachers Association, of which the Jefferson Classroom Teachers Association is a chapter, encourages teachers to participate in civic affairs in their communities," White said.

"The California Teachers Association Ethics Commission has ruled that teachers not only have the right, but that it is their duty to do so. Our teachers are most desirous of having the best people possible on the board of trustees to provide cooperation with the school administration to the end that our children will receive the best education possible," White concluded.

Two three-year trustee jobs will be open at the polls here May 19. Deadline for candidates to file is Friday, April 17.

The men have filed papers of candidacy to date. Board chairman Joseph Lewkowitz, a gas

TOP RECRUITS JOIN CITY'S POLICE FORCE

Two topnotch recruits began duty as regular officers with the Daly City police Department last week, Chief Roland Petrocchi announced today.

The new officers are Robert M. Stables, 21, and Thomas R. Culley, 27. Both have been assigned to night shift relief duty. The department's total working force now numbers 42, including civilian clerks and dispatchers.

The pair were hired here February 2, then assigned to the Northern California Peace Officers' Training School at Concord, California, where they underwent schooling in classes filled predominantly with veteran police officers.

Culley, who is married and lives at 393 16th avenue, San Francisco, finished fifth in the class of 46 officers—the highest rating of any recruit at the Concord school.

Stables posted an 89.5 average in the Concord classes and fired a perfect 100 per cent in the combat shooting course.

Trustees Near Selection Of Superintendent

Trustees completed interviews Tuesday night of five candidates for Jefferson Elementary School District superintendent recommended by the board - authorized professional screening committee.

The screeners had considered 22 applicants. Trustees will decide this week whether they will pick one of the five or go back to the screening committee to consider other candidates.

The new man will be hired effective this July, replacing Supt. H. Z. Weibel, head of the district since 1951.

School Vacation

Daly City's school students get their annual Easter vacation next week. They resume classes on Monday, March 30.

JOE LEWKOWITZ AGAIN TOSSES HAT IN RING

Gas station owner Joseph Lewkowitz, chairman of Jefferson Elementary School board, Monday filed papers for re-election in the May 19 trustee election. He resides at 501 Vista Grande avenue.

He is the second candidate to file. Filing deadline is April 17. First to file was Don Leshner, plumbing contractor who lives at 417 Castle street.

Two three-year terms are open as of this July 1. Lewkowitz is completing his sixth year on the board.

Only one candidate, James Cooper of Sharp Park, has filed for the vacancy on the Jefferson High School District board, according to the county schools' office.

Doelger Files Tentative Map On Unit No. 11

The city planning commission last week ordered more study on builder Henry Doelger's tentative map of Westlake Unit No. 11—some 455 lots located west of Skyline south of the Palisades and running to the Pacifica boundary.

The city is considering school needs in this area before approving the developer's plans.

The planners also continued their hearing on Thomas Callan's petition for rezoning the two parcels of land east of and adjacent to Westmoor High School from C-1, R-3 and R-1

SKYLINE DRIVE BURGLAR USES AXE FOR ENTRY

Palisades residence of Aristedes Calfas, 179 Skyline drive, was burglarized last Thursday night of $154 in personal property by a theif who used an axe to get from the basement to the inside of the house.

Among items taken in the raid, which occurred between 4:30 and 10:55 p.m., were a steam iron, six undershirts and a pair of men's suit pants.

Police said the intruder entered the basement through an unlocked rear window. He then grabbed the axe from the wall and smashed down the basement door to enter the main part of the home.

'Wholesale' Theft

Tosia Szames, owner of Budget Savings Store, 6001 Mission street, last week reported to police the theft of a case of cigarettes (valued at $102) from the storage garage in the rear of the store.

There were no signs of forced entry. Police believe the thief raided the storage room through its Templeton avenue entrance.

Editorial

THE 'GUARANTEES' OF SALES TAX

The city council last week, by 3-2 vote, officially set up a special election for Tuesday, May 19, to let the people of Daly City decide the sales tax issue.

Citizens thus will be given their rightful opportunity to weigh the measure. This showdown "by the people" is long overdue—a factor this newspaper has long pointed out.

The sales and use taxes here, if you recall, were put into effect early last year by 3-2 vote of the "old" city council. The people were not given a voice in the matter at that time.

In view of Daly City's swift expansion and subsequent needs for better municipal services, it's clear that repeal of sales tax would force critical cutbacks in the city's present plans for improvements.

By keeping sales tax, Daly City will be able to handle two problems at minimum expense to its taxpayers—a reduction in property taxes and a much-needed capital improvements program.

Under the present sales tax ordinance here, CO No. 463, sales tax returns are split 50-50, half going to reduce property taxes and the other 50 percent into the capital improvements fund. If this guarantee is achieved to the letter, and sales tax funds are "protected" from being routed into other channels, we feel sales tax here is justified and should be upheld on May 19.

Predominently residential, Daly City has little "extra" money to spend for capital improvements. There is no doubt the city needs these improvements. Sales tax funds provide this revenue. And even more important, they also can help to keep the heavy property tax rate here from climbing higher.

Sales tax thus far has reduced the city property tax rate and has brought funds for capital improvements. So long as the "safeguards" of reducing property taxes and putting one half of sales tax funds into the capital outlay budget are maintained, we feel the tax should be maintained.

Juveniles Arrested For Playing Dice

Police Sgt. Phil LaBruzzo arrested two boys in front of 299 Rhine street last week for playing dice for money.

The pair, one a Jeff High student and the other a student at Denman Junior High, were turned over to Hillcrest Juvenile Home officials, then released to their parents. The Jeff youth was 15, his partner only 12.

WESTMOOR HIGH 'CRACKDOWN' GETS RESULTS

The "loitering" problem caused by a very small "minority" of Westmoor High students has just about ceased, thanks to a mild crackdown by Principal Glenn South.

School trustees learned last week that property owners around the school off Westmoor avenue agree that South's "tightening up" policy a month ago has produced results.

Many homeowners, backed by legal spokesmen, had asked the school district to "close" the campus from 8:15 a.m. to 2:45 p.m. because students were litering their lawns, driving recklessly, and making too much noise during the school lunch hour. South instead of closing the campus (making all students stay on it throughout the day) put all property across the street from the school's front entrance off limits. He also prohibited strolling in

SPEEDY ARCHITECT BUSY

McSweeney Gets Fifth School Job

Architect Angus McSweeney, on schedule in progress for the Abe Lincoln, Thomas Edison and Daniel Webster schools, Monday night was awarded another assignment by unanimous vote of Jefferson Elementary District trustees.

The board accepted the request of long-time district architect Mario Ciampi that he be released from his contract to design the George Washington School (Whittier St. Pershing site) and be given a contract to design the district's projected third seventh and eighth grade school, to be located in the undeveloped Christen lands.

McSweeney then was given the George Washington project. He also is handling the Gen. Pershing replacement—the new plant which will replace the present school on Hanover street.

Trustee chairman Joseph Lewkowitz commended Ciampi's move which included no claim for charges on costs Ciampi has sustained since he was given the new Pershing (George Washington) assignment two years ago.

Both Pershing projects are moving rapidly. The district attorney is near a final settlement with Mrs. Irene Meussdorfer on sale of her property—the major portion of the George Washington site.

In other matters Monday, the board set their April 6 meeting for a final showdown on negotiations with the Tozo family on parcels needed for expanding the Jefferson School site on Alemany street. The Tozos have been served condemnation papers since they have been unwilling to sell all these parcels (on Hill street) to the district. The expansion involves about 8 property owners and would add about two acres to the school. Jefferson Annex will be torn down once the additions are made to the existing school on Alemany.

Viewing classroom needs in proposed Westlake Unit 11, west of Skyline to the Pacifica line, the board Monday asked for a meeting with Laguna Salada District officials to determine mutual problems on schools in this tract and also a possible change of the present school boundaries.

Trustees also authorized checking with state school planning officials on the district's need for a second multi-use room at Colma K-6 and Colma 7-8. The teachers at Colma K-6 badly need a conference room and the board feels the district might be eligible for state funds to build a multi-use room to serve this and other purposes.

The matter of the 25 eucalyptus trees on the M. Pauline Brown school site again incited the wrath of trustee Mike Callan Monday night.

The district earlier agreed to pay $500 for removal of the trees to prevent a lawsuit from the Schenone nursery (should the trees fall on its property), but the person awarded the job failed to do the work. Callan claims the tree removal isn't the district's responsibility and asked the board to check the problem with the district attorney. This motion passed 4-1, with trustee Frank Verducci opposed. The latter said the board had investigated the matter very carefully and that, in view of the possible lawsuit, the district would save money by expediting the tree removal.

Tom Noonan then moved that the administration get more

COUNCIL HALTS GRADING WOES ... REAL QUICK

City's skirmish with Zita Corporation's busy graders over nighttime noise appears to be resolved.

After a heated confab between city officials and the contractor last week, the Zita firm agreed to limit all grading to a 15-hour period each day, from 6 a.m. to 9 p.m.

City Manager George Watts said he had received few additional complaints this week from citizens. The council had threatened to file an injunction against the grading contractor had he not heeded their instructions to eliminate the late-hour work. Residents throughout the area had been losing too much sleep due to the noise.

2-Months-Old Baby Dies Here

A two-months-old Westlake baby was pronounced dead on arrival at Junipero Serra Hospital Wednesday morning last week. His parents had rushed him there after he appeared to be "turning blue" in his crib.

Death of John Carl Kerska, son of Mr. and Mrs. George T. Kerska, 69 Crestline avenue, apparently was caused by a heart condition. The mother said the tot had been in the hospital about two weeks before last week's tragedy.

The couple have another son, 2 years old. Mr. Kerska is a salesman for the Goodall Rubber Company of South San Francisco.

The funeral service was held Friday at Lasswell's mortuary here, followed by entombment at Olivet Memorial Park.

First Day On Job, Construction Man Heart Victim Here

A 67-year-old heavy equipment operator died of a heart attack last week, the first day he went to work for the contractor grading in St. Francis Heights here.

Dead on arrival at Junipero Serra Hospital was Everett H. Durkee, who lived at 50 Edinburgh street, San Francisco. He was operating a steam shovel off Eastmoor avenue in front of the PG&E plant when he was stricken.

Nab Pacifica Plasterer Here For Bad Checks

Daly City police have arrested a 42 - year - old Sharp Park plastered on four counts of passing fictitious checks.

Bruno A. Biraghi, 935 Sierra Terrace, Pacifica, is charged with passing two phony checks at Ed's Place, 34 San Pedro avenue, and two more at Westlake Joe's. The four checks brought him a total of $130.

Bail was set at $1500 cash or $3000 bond pending Biraghi's appearance in municipal court.

WHEN SECONDS COUNTED

Westlake Mom Outraces Stork Despite Delay--Ambulance Crash

A Westlake housewife narrowly beat a race with the stork Wednesday afternoon, less than two hours after the ambulance dispatched to take her to the hospital was put out of commission in a two-car crash at the Knowles avenue-Junipero Serra intersection.

Giulio Goggiano, 812 North Mayfair, had called for the ambulance to rush his wife to Mt. Zion hospital for the arrival of their fourth child. The M&D Ambulance, driven by attendant Chester Seal, 98 East Market street, was struck at the intersection by a sedan going north on Junipero Serra about 11:59 a.m.

No one was hurt in this mishap, but both vehicles had to be towed away. Meanwhile, another M&D ambulance was sent to the Goggiano home and the young woman was given a DC police escort to Mt. Zion hospital.

She gave birth to daughter Diana Lynn, six pounds and two ounces, about 12:51 p.m. the same day.

The couple also have one son, Stephen, 6, and twins, Adrienne and Christine, 4. Mr. Goggiano works for Sunset Scavenger Company.

Officer Richard Phillips, who investigated the ambulance-sedan crash, cited Earl A. Gonzalez, driver of the auto, for failure to yield the right of way to the ambulance. The ambulance attendant confirmed that he had approached the intersection heading west towards Westlake with the red light flashing and the siren blaring.

Gonzalez, a self-employed nurseryman from Sharp Park, was proceeding at low speed with the green light in his favor when he hit the ambulance. He said he applied the brakes—but too late. Impact of the crash completely spun the ambulance around.

PRESIDENT Ray Charette of DC-Colma Lions Club presents pen-pencil set to Jefferson High junior Nanci Reginelli, 16, who lives at 64 Cottonwood drive. Nanci won the club's annual Student Speakers' Contest and now advances to zone and regional competition representing the local unit. At right is Rudie W. Tretten, Jefferson English teacher who supervised the students in the speech contest.

BLAZE ON BELLEVUE

Kids Fire Heroes Here

Grown-up thinking by three neighborhood children late last week prevented more damage and possibly prevented personal tragedy in the $2600 fire at the home of Mr. and Mrs. Robert F. White, 555 Bellevue avenue near Templeton.

According to Fire Chief Elmer Kennedy, the blaze started in the basement and began to work its way upstairs before it was arrested after a 45-minute episode by firemen from companies 2 and 5 and Volunteer Company 4.

A neighbor woman said Kathy Villias, 8, of 573 Bellevue and two companions were first to notice the billowing smoke and ran to nearby fire alarm boxes to summon the firemen.

Mrs. White and three of her four small children quickly left the house, frantically calling for the fourth child, a six-year-old boy. Firemen dashed into the smoke - filled residence to find him—but to no avail. The tot was located minutes later in the park near the home.

Kennedy said most of the damage was in the basement and to the floors upstairs. He said structural damage was about $2000 and damage to property ranged to about $600.

The White family have had to move out so that the damaged areas of the home can be repaired and reconstructed.

bids on the tree removal. This carried by a 5-0 vote.

The board awarded to the Coleman Engineering firm (which has worked with the district on many projects) the job of civil engineering on Westlake Unit 11. Trustees also moved to have an "earthquake expert" of the University of California recommend a structural geology engineer for this area. A few years ago, the earthquake factor west of Skyline erased district plans for two K-6 schools there.

In other business, trustees:

1. Spent 45 minutes hearing report by committee on district's teacher evaluation program. Speakers were chairman Mrs. Eleanor Zenovich, principal of Colma K-6; Thornton teacher Peter Hansen and Ben Franklin teacher Jess parks.

2. Tabled until April 6 meeting decision on time extension request of Hart & Hynding company which built Vista Mar School in Westlake. The contractor has submitted a long list of reasons for the delay in delivering the school.

3. Authorized sheetrock repair work at Woodrow Wilson School building, 344 Santa Barbara avenue.

4. Hired Hazel Z. Suacci to teach mentally retarded youngsters beginning next school year at a salary of $5850, and Georgina Nyhan, as classroom teacher at $4500, also for 1959-60.

5. Officially commended student winners in recent regional art contest. Ben Franklin and Colma 7-8 pupils won many awards for the local district in competition with students throughout Northern California.

6. Restated district policy on busing students. Students must live at least three-fourths of a mile from school to be entitled to bus service, made possible by state funds. Bus service for youngsters who live less than this distance is not supported by the state. Trustees also asked more police supervision at school crossings during to-and-from school hours.

7. Awarded $750 contract to Kennedy Electric for installation of fire alarm systems at Gen Pershing and Thornton schools. Systems will be similar to those in nine other district schools.

8. Approved letter to all PTA units asking them to step up their civil defense plans and determine what procedure to follow in event of emergencies.

9. Passed resolution on sick leave entitlement allowing certificated employees deductions in insurance the same as is allowed non-certificated employees.

10. Asked more bids on applicants for auditor for this fiscal year.

Balboa Youth Arrested For 'Using' DC Auto

A Balboa High 11th grader was charged with auto theft by Daly City police last week, a day after a Palisades family reported the loss of their daughter's '58 convertible from their garage while they were away on vacation.

The culprit, turned over to Hillcrest Juvenile Home, took the car by breaking into the garage at 217 Palisades drive and having a key made to its ignition. The car was found in front of the SF high school.

Officer Jerry Galindo said the boy was a friend of the Palisades family and had asked the girl for use of the car, which she denied.

DC Boys Nabbed In King City For Car Theft

Two Daly City boys, both 15, were halted in King City last week, a few hours after they stole a '57 sedan in San Francisco at 1129 Cayuga street.

Officer George Brooks had the pair returned here for booking with Hillcrest Juvenile Home authorities. Both youngsters had been arrested here last year on petty crime charges.

to C-1 and R-3.

A 2-2 commission deadlock "denied" by default the petition of John Grey Land Corporation for amendment of Ord. 294 to rezone 39 Price street from R-3 to a C-1 district. Chairman Richard Dwyer and Tony Masini felt that this would constitute "spot" zoning and they voted against the petition.

In other business, the planners:

1. Set hearing for April 14 on petition of Zita Corporation for rezoning property located north of the Christen lands and east of St. Francis Heights boulevard from unclassified and R-1 to C-1.

2. Approved application for variance filed by S. Delfino, 283 Station avenue, to eliminate one garage and convert the area to a store at 6654 Mission street.

3. Closed and continued hearing on petition filed by E. Cardellini, 6185 Mission street, to rezone lot located 75 feet south of Mission street on Crocker avenue from R-1 to C-1.

Woman Charges Rape, Robbery In Hills Here

Sheriff's deputies are still checking the report of a San Francisco woman who was found bruised and wobbly in the Crocker Hills here Saturday morning, claiming she had been taken on a wild ride, robbed of $89 and raped by two men she met in a bar.

Daly City police were called by a passerby who saw the distressed woman, Fannie Robinson. She listed her address as a Sixth street hotel. The incident started about 12:15 a.m. Saturday.

The victim, according to police, has a long record of arrests for misconduct, including vagrancy and prostitution.

Stanley E. Spencer, 40 a San Francisco mechanic, was booked by Daly City officers for drunk driving Sunday at 1 a.m. after his car was observed weaving north on Mission street at Wellington avenue.

Officers Robert Ralph Warren and Robert Stables used their red light and siren when Spencer failed to stop for the arterial at Crocker and Mission. The mechanic alighted from his auto in a "staggering manner" and was "abusive" in his langauge to officers and doctors at Junipero Serra hospital, the police said.

He was also charge with failure to show proper identification at the time of arrest. A nearly-empty bottle of wine on the front seat of his car was taken as evidence.

Spencer was freed on bail to appear in municipal court next Tuesday.

Jeff Elementary Pupils Visit Mission Dolores

Jacqueline Matthews' fourth grade class at Jefferson Elementary School last week took a field trip to Wells Fargo History Roor and Mission Dolores. The trip helped to complete their social studies with an Early California. It began at 10 a.m. and the class returned at 1 p.m.

Some of the things which the children saw at Wells Fargo included an early gold rush rocker and other equipment, an authentic stagecoach, an early Pony Express saddle, the golden spike, and other interesting pictures.

The children were especially fascinated by an explanation of a Chinese scale, given by the receptionist in the Wells Fargo History Room, and was stimulated by student Vonda Crouse's question. Besides the interesting Mission Dolores itself, the children enjoyed exploring the graveyard in which many historic founders of California are buried.

Three mothers were especially helpful on the trip: Rita Fagan, Marilyn Kilpatrick, and Nora Gonzalez.

Thornton Students Treated To Movies On Mexico, Hawaii

Teachers at Thornton School recently invited E. R. Datello, owner-operator of an experimental greenhouse in Daly City, to the school to show some of the films he has taken during his extensive travels abroad.

Datello showed the children portions of film taken during recent trips to Mexico and Hawaii. A highlight of the presentation was the close-up views of an active volcano, taken from the rim of Kilauea during its most recent activity.

Make Sure You Know How To Use Your Swimming Equipment, Kids!

Statistics prove 75 per cent of drownings occur along the shorelines of lakes, streams and ocean beaches.

To prevent this mounting list of fatalities, thorough knowledge of varied types of swimming equipment aides is required; according to the Recreation and Park Department Aquatics Division.

Most air-filled floation devices such as tire tubes, water wings, plastic rafts, etc., prove more hazardous than helpful to the non-swimmer-just beginning.

Through material deterioration, perforation, or sometimes prank, the non-swimmer is suddenly in serious danger. Lack of control in handling against turn of tide or wind prove additional hazards.

Absolute knowledge of the equipment's condition and its handling is imperative to safety.

Crowded pools do not afford the space for such bulky equipment which, too, is not always in sanitary condition. It is found that the use of life jackets in pools encourages the further use of swim fins, diving masks and other under-water gear.

All such equipment requires specialized training and instruction in its proper use.

Diving masks encourage the average novice to stay under water too long for safety, thus the accident.

While the department at this time does not afford specialized instructions in underwater gear operation, it does offer ample courses in swimming instruction in seven indoor pools operated year round throughout San Francisco, and two outdoor pools operated six months out of the year, April 1 through November 1.

The two Recreation-Park beaches, Aquatic Park and Phelan Beach will be open April 1 to November 1 under daily life guard supervision, and Saturdays, Sundays and holidays, weather permitting.

Department regulations forbid gum chewing, floating devices like tire tubes, air mattresses, rubberized boats, rafts, etc., at all pools or beaches at any time.

For further aquatic information call SK 1-4866.

Vital statistics:

Attendance at Monday night's Jeff Elementary school board session numbered about 20—including the five trustees and three administrators.

The district has 6571 students. Figure two parents for each youngster and you have a total of 13,142.

Of these 13,142 "patrons," only 20 took the time Monday to attend a regular board meeting.

You'd be surprised to know what goes on. Newspapers can't carry all the details.

Card this week came from builder Henry Doelger and Fred Bertetta, currently cruising the Cuba area in the Westlake developer's yacht. The Daly City pair had an audience (?) with Fidel Castro, a guerrilla of sorts.

Reason for appearance of more items on Jeff Elementary's 13 schools is because the district now has a publicity committee working full blast under the direction of Mel Thayer, principal of Olympia School.

Each school has a teacher-reporter who provides the paper with lots of items about projects the kids are working on and the achievements of students. This is good publicity and we appreciate the labors of these already heavy-loaded teachers.

Learned this week that salary of county superintendent of schools is set by state law, though other school superintendents are paid according to what trustees think they deserve. One thing for certain. School chiefs put in a lot of overtime — at no extra pay. Men age fast in this business.

Mrs. Weiss' name was placed on the memorial plaque which was placed at the base of the tree.

The tree is a symbol of the "great contribution" Mrs. Weiss made to the Girl Scouts of Westlake. The young housewife passed away in 1957. She is survived by her husband and their small children.

Francis' Bill Rules Against 'Conniving' Gals

Two important pieces of legislation were started through the mill last week by Assemblyman Louis Francis of San Mateo. One bill that has attracted a good deal of attention would prohibit women from filing damage suits against men over false promises to marry or to cohabit after marriage. The measure passed the Assembly by a vote of 54 to 14 and is now in the Senate.

Assemblyman Francis said he introduced the bill "to prevent resurgence of the once flourishing breach of promise blackmail racket."

The state supreme court recently decided that a woman had a right to sue a man who promised to cohabit with her after marriage but did not do so. This decision caused Francis to introduce his bill.

"The bill will prevent racketeering by conniving women," Francis declared, "but will not restrict any remedies now available to persons legitimately wronged."

The assemblyman also introduced a bill to extend daylight saving time through the month of October. The measure was approved unanimously by the Assembly governmental efficiency and economy committee. Presently, daylight saving time ends in September.

MIKE YOUNG 'STUDENT OF MONTH' HERE

Mike Young, Westmoor High School student, was recently named as the first recipient of the "Student of the Month" award established by the Industrial Arts Department to honor students showing outstanding improvement in their work.

The son of Mrs. Margaret Lipinski, 1336 Hermosa street, Pedro Valley, is a senior at Westmoor, and is presently enrolled in mechanical drawing, wood and electric shop classes. He was selected not only for his consistently fine work in drafting and electric shop, but especially for his outstanding ability "to make the chips fly where they are supposed to," according to Will Stensland, woodshop instructor.

MIKE YOUNG
.... Top student

"Every student taking industrial education courses is eligible," George Simon, department head, declared. "The important point is that the student is judged on the basis of the previous month's work, attitude and improvement."

Standards set by industrial education teachers include improvement in tests and skills, such as use of tools, ability to work with and help fellow students, and for making good use of materials in the design of original projects.

Despite his ability in woodworking, Mike plans a future career in electronics or communications.

DINNER TONIGHT

Jeff High PTA Elects Officers; Hears Panel On Mental Health

Last Thursday's Jefferson High School PTA meeting featured an interesting student panel discussion on "Student Mental Health."

Four students took part — Dick Lair, Robert Lall, Nancy Reginelli, and Shirley Patten. Principal John Mongan acted as moderator.

It was brought out that our young people want independence, not too much authority, and that they are aware of the world, aware of the issues that come up, and are thinking of the grown-up world they are entering.

New PTA officers for 1959-1960 were elected and will be formally installed at the regular PTA meeting in April. They are: Mrs. Joseph Kusber, president; Mrs. Bernard Painchaud, vice president; Mrs. John Mongan, honorary vice president; Mrs. Sanford Vickers, recording secretary; Mrs. Joseph Doyle, corresponding secretary; Mrs. Gildo Reginelli, treasurer; Mrs. Howard Derham, financial secretary; Mrs. George Reandeau, auditor; and Mrs. Louis Duncan, historian.

Announcement was made of the annual Spaghetti Dinner, which takes place tonight, March 19, in the Jefferson High cafeteria at 6:30 p.m. It is open to the public and tickets are selling for $1.25, adults, 50 cents for children under 12.

CARE TO HELP?

Membership Goal Of Red Cross Includes 2 Million Volunteers

The 3500 chapters of The American National Red Cross have launched the organization's traditional March drive for members and volunteers with goals of 65,000,000 membership renewals and a volunteer force of 2,000,000.

In San Francisco, the local chapter is combining its drive with the San Mateo County chapter with whom it is merging July 1 into a more efficient Golden Gate chapter.

Albert E. Schlesinger, chairman of the San Francisco chapter's drive, announced that "the devastating tornado damage in St. Louis and increased flooding conditions in Ohio, Pennsylvania, New York, Indiana, and West Virginia will cost many million dollars in Red Cross funds to rebuild homes, replace furniture, and do all the many necessary jobs to get disaster victims back on their feet."

"President Eisenhower, in his recent press conference, stressed that it was imperative that the people of America help each chapter make its campaign goal so that the job of helping disaster victims and the other vital programs of Red Cross will not be impaired," Schlesinger stated. He pointed out that in 313 disasters last year, Red Cross helped 79,500 persons at an expense of in excess of $9,000,000. San Francisco's disaster director, Robert Williams, has been for the past six weeks directing the rehabilitation operations in the Colubus, Ohio area "during which 95% of the Red Cross disaster dollars are spent," Schlesinger added.

The San Francisco-San Mateo Red Cross drive is aimed primarily at those who did not renew their Red Cross memberships through the United Crusade. Special counter cards containing membership envelopes are available throughout San Francisco and San Mateo counties. Some 16,000 of these membership envelopes will be placed on peninsula commute trains today by SP conductors.

"An important part of our campaign will be the recruiting of volunteers for our 12 vital services, each of which is as sizeable and important as the average service agency," Schlesinger stated. "Red Cross owes its greatness to its volunteers of which there are 139 for every paid staff person which accounts for the unbelievable stretching of the Red Cross dollar.

"Red Cross volunteers have fun and reap greatest of rewards through the few hours they donate each week. Red Cross volunteers attend every multiple alarm fire in San Francisco, prepared to meet almost any human emergency. White veiled volunteers, many of them retired women, find fellowship and personal gratification in preparing surgical dressings for six San Francisco hospitals and clinics. Many citizens who have always had a yen to go on the stage have satisfied their desire by joining the entertainment programs at Letterman Army Hospital. Many women have found their place in volunteers through the Gray Lady Service that brightens lonely military hospital wards," Schlesinger said. He stated that among the other volunteer opportunities at Red Cross are those in motor service where men and women volunteers drive victims of cancer, muscular dystrophy, and cerebral palsy, convalescent servicemen, blind children, and many others; and in the teaching of classes in home nursing, first aid, swimming, boating, life saving, or mother and baby care; and in typing; and in bringing coffee, cookies, and conversation to men in remote anti-aircraft bases; and in knitting clothing for disaster victims; and in helping out with Red Cross promotional programs, to name but a few.

Those wishing to receive further knowledge on the volunteer opportunities in the American National Red Cross should send for a free booklet that outlines full information. Mail your request to "Volunteer Office, American Red Cross, 1625 Van Ness avenue."

Membership donations should be sent to the Red Cross chapter in the county where you reside.

Gulls Provide Natural Study At Jeff K-6

The birds have taken over in Marjorie Ross' sixth grade class at Jefferson Elementary School.

The school seems to be the main land place for seagulls of the area. Because of this prevalence of birds in the playyard, the children have become interested in studying the habits of the gulls. Questions about the gulls have been prepared and answered by the children. This makes bird-watching much more interesting during the lunch period.

The children looked in available encyclopedias and such books as "First Book of Birds," "All About Birds," "Seashore Life," and "David and the Sea Gull." Several filmstrips from the county office added to an understanding of these interesting birds.

Many activities followed this study of sea gulls. A chart was made identifying the different parts of the birds. Children made pictures of seagulls in flight and at rest. Booklets were also made about the birds. Oral reports, which were given to the class, culminated the study and also gave the children practice in using the microphone.

Parents' Night At Jeff K-6

Parents' night was held recently at Jefferson Elementary School.

A general meeting was held in the multi-use room in which Principal David A. Willey presented a welcome speech and introduced the staff. The parents then went to the individual rooms of their children where they met personally with the teachers.

This meeting was to enable the parents actually to see and hear about what specifically was being taught at the parents particular child's grade level. Different materials and methods which are being used were explained and demonstrated by the teachers.

General Pershing First Graders Visit Museum

Mrs. June Koenig's and Miss Inez Strauch's first grade boys and girls at General Pershing School recently went to the Junior Museum at Coyote Point in San Mateo. Mesdames William Kelly, C. M. Tilstrom, Walter Hansen, Munday, and Rovegno assisted the teachers.

Director Hice, in charge of the museum, showed and explained a number of small animals to the children.

The children brought sack lunches and ate them near the beach. After lunch, they found many shells.

'Tis the day of the big, big, annual Spaghetti Dinner at Jefferson High School.

It's set for tonight, Thursday, March 19, from 6:30 to 8 in the school cafeteria. You may buy tickets at the door.

Purpose of the affair is to earn money for the Student Welfare Fund. It's for a most worthy cause and besides, you'll have a lot of fun.

No need to worry about cooking that day. No fuss, no muss. Bring the whole family and enjoy a big he-man dinner of spaghetti, salad, dessert, and coffee. There will be entertainment, too, in the form of sweet music provided by the students.

Everybody is welcome, so come and make an evening of it.

THESE fittingly attired students have key roles in Ben Franklin School's "Museum of American History" open house exhibit this Thursday evening from 7 to 9. Teacher P. B. Simmons (left) planned the program. Far right is BF Vice Principal Harry Aronson. The students are Jim Schwartz, Gene Howcroft, Dennis Horsley, Jeannie Fiorello, Carol Boden, Robert Lachine, Donna Lubovski and Jim Barron. All Daly City-Colma folks are invited to the spectacle.

MAGNETIZED COWS

Millions of dollars worth of cattle are killed each year by wire and bits of metal eaten with grass and other vegetation. By inserting a small nickel-containing Alnico magnet into a cow's stomach, such scrap metal is permanently kept from puncturing its innards.

First Bridge Using Nickel Steel

The Queensboro Bridge, connecting Manhattan and Queens in New York City and completed in 1909, was the first bridge in which structural steel containing nickel was used. Since that time nickel alloy steels have been widely used in bridge construction.

DC Jehovah's Witnesses To Attend SF Meet

Edward J. Sartor, assistant presiding minister of the Daly City congregation, has been appointed to oversee the Auditing and Accounts Department for the circuit assembly of Jehovah's Witnesses at the Scottish Rite Temple in San Francisco, March 20-22.

"Actually our expenses are very small, even though the convention is expected to attract over 2000 people," Sartor said. "But what expenses we do have are met in the same way the various congregations meet their expenses—voluntary contributions."

There are no salaried ministers among Jehovah's Witnesses, and all help for every department is volunteered free. "All of us work together like one happy family," Sartor stated.

According to Harold Casperson, presiding minister of the Daly City congregation, most of the local congregation, together with 19 other congregations in California circuit 13, will attend the assembly. It is expected that more than 2000 will be present to hear the public discourse, "A Paradise Earth Through God's Kingdom," Sunday, March 22, at 3 p.m. The speaker is Eugene D. Rosam Jr., district supervisor and traveling representative of the Watchtower Bible and Tract Society in New York.

Other speakers will include Lawrence Kraushaar, circuit minister, and ministers from the various congregations attending. All sessions of the assembly are open to the public. There is no admission charge.

PALM SUNDAY SERVICES AT BETHEL CHURCH

Palm Sunday will be observed with two services at Bethel Lutheran Church, Alemany boulevard, and Huron avenue. The first service will be conducted at 8 a.m.

The sacred Rite of Confirmation will be observed at 10:45 a.m. Twenty four young people and adults will be received into the membership of the Lutheran church. The group includes John Petersen and Marilyn Brown of Daly City.

The Senior Choir will sing under the direction of Robert Schuneman, organist and choirmaster. Miss Barbara Bredehoft will serve as soloist.

Pastor of the church, the Rev. Herbert P. Schroeder, will officiate at both services. The subject of the sermon will be: "What Lack I Yet?".

Mission Santa Clara was named for Saint Clare of Assisi, co-foundress of the Order of Poor Ladies, or Clares.

COLLEGE PAIR FEATURED BY WESTMOOR PTA

Westmoor High PTA will have as a program highlight at its regular meeting this Thursday night, two college speakers, Philip D. Morse, director of student personnel, College of San Mateo, and Glen P. Smith, assistant to the president, San Francisco State College.

Subject for discussion will be "Opportunities of College." The meeting will start at 8 p.m. at the high school.

Election of officers for the year will be conducted at this meeting. The PTA nominating committee, chairmaned by Mrs. Irwin Silberstein, submitted the following nominees for the March election: President, Mrs. Larry Green; Vice President, James Cooper; Honorary Vice President, Glenn South (Westmoor principal); Recording Secretary, Mrs. Warren Peden; Financial Secretary, Mrs. James Buchanan; Treasurer, Palmiro Nolli; Auditor, William Parker; and Historian, Mrs. Bud Christman.

150 At Annual Girl Scout Council Meet

Theme for the Annual Girl Scout Council meeting at Mills High School last week was "Round-Up." About 150 attended.

It was a round-up of leaders in the whole council, as well as the eight Senior Girl Scout selectees who will attend the July Colorado "Round-Up." There were also Brownie Scouts from Troop 51, who recited Grace before the potluck dinner. There was also a group of Mariner Scouts who came to see one of their members, Linda Ryner, presented with the Curved Bar.

From the Daly City-Colma area, several year-pins were presented. Those who were awarded 10-year pins were: Mrs. Margaret Damon, Mrs. Dagny Golladay, and Mrs. Evelyn Liberato. Three who have 15-year pins are Mrs. Hilda Heagney, Mrs. Stella Jensen, and Mrs. John S. Calvin.

Surprise of the evening was a "Thanks Badge" award to Mrs. Helen Mori of Broadmoor. She has been a Girl Scout leader the past 9½ years. She is one of our outstanding leaders here and has done a great deal for the organization. She is the mother of two daughters: Ann Mori, selected for the "Round-Up," and Margaret, an Intermediate Scout, and an eighth-grader.

The Senior Round-Up patrol girls who were on the program were: Carolyn Buhs, Ann Burke, Joan Burke, Carol Duke, Marilyn Garelick, Barbara Golladay, Ann Mori, and Frances Robinson.

Mrs. Margaret Jones, president of the Council, presided over the meeting.

Skipper Sedley Performs Here In PTA Affair

Jefferson School District's Coordinating Committee of PTA's is an organization composed of the principals of all schools in Jefferson Elementary and Jefferson High School districts, and the presidents and one delegate from each PTA in the districts.

Each year the Co-ordinating Committee sponsors a fund-raising event to furnish funds for its child-welfare program, administered by Mrs. Helen Delafield, school district health co-ordinator. Mrs. Delafield uses the money to provide eye examinations, glasses, and dental care to pupils whose parents could not otherwise afford them.

This year the funds available are not sufficient to carry on this work, so the committee is sponsoring the appearance of television personality Skipper Sedley, with his puppets. There will be two performances of this show. The first will be held at 10 a.m. on Saturday, April 11, at the Colma 7-8 multi-use room. The second will be on the same day at the Benjamin Franklin School multi-use room at 11:30 a.m.

Mrs. W. R. Clarke, president of Woodrow Wilson PTA is in charge of arrangements and publicity. Don Lesher, president of Hillside PTA, will be in charge of the Colma School performance, and Mrs. Robert St. Clair, president of Vista Mar PTA, will be in charge of the Benjamin Franklin performance.

Tickets will be 50 cents and will be available only at the door of each school an a "first come—first served" basis. None will be sold in advance. Members of all PTA's will be on hand to serve as ushers.

Geneva Avenue Church Sets Dedication

The dream of building new facilities will begin for Geneva Avenue Methodist Church with a Corner Stone Service this Sunday, March 22, at 4 p.m.

The service will include Mayor George Christopher giving the challenge from the community as well as various leaders of the Methodist Denomination giving the challenge from the church. Vernon Zerbe, chairman of the commission on stewardship and finance of the local church, will lead the service of dedication, ground-breaking, and the laying of the corner stone.

Robert Perroquet has been serving as chairman of the building committee using the services of Enid Eric Holm, architect. Walter Crim, contractor, and president of the Geneva Avenue Chapter of the Methodist Men, has been organizing the men of the church to utilize their services in the building of the new church. Many skilled tradesmen and others planning to serve as helpers have volunteered the labor needed for the construction program. Mrs. Isabelle Evets, president of the Geneva Avenue Women's Society of Christian Service and a member of the building committee, has assured the men that lunches and coffee breaks will be provided.

The first unit or phase of the building program will include space for much needed additional and more adequate church school and education program. The Rev. Alfred S. Dale Jr., with the able leadership of several committed laymen and women, looks forward to a consistent and rapid completion of the whole building program.

In addition to bringing their own building plans to fulfillment, Geneva Avenue Methodist Church has been of direct assistance to a sister Methodist church, St. Francis, in a cooperative project of sharing their ministerial leadership. By cooperating with St. Francis, The Rev. Alfred S. Dale Jr., a pastor especially schooled and experienced in city churches, has been able to assist St. Francis in becoming a church free from denominational mission support.

10 Days Left To Meet Goal In Seal Drive

With 10 days remaining in the campaign, the Easter Seal appeal in San Mateo County has raised $16,000 toward its goal of $50,000, Peter F. Miller, drive chairman, announced today.

The annual effort to raise funds for services to the physically handicapped will continue through Easter Sunday, March 29.

Miller said chances of reaching the goal are "reasonably fair" but will depend on people who have not yet sent in their contributions, but are planning to do so.

"For various reasons, some people either forget altogether or postpone their contributions — they're the ones we're counting on now," he explained.

Contributions may be sent in the addressed envelopes that were enclosed with this year's Easter Seals or may be mailed to "Crippled Children" care of local post offices.

Miller said that San Mateo County is counting "heavily" on raising its full Easter Seal campaign quota to maintain and expand the vitally needed services offered to crippled children and adults here.

He urged all those who have not mailed in their Easter Seal donations to do so as soon as possible so that this year's fund goal may be reached by the end of the drive next week.

Winless Indians Eye Comeback In SSF Invitational

Jefferson High's varsity baseball team, winless in four practime games at press time, will have to improve 100 percent if they intend to get results in next week's annual South San Francisco Invitational Tourney.

Coach Steve Mezzera's Tribe, veteran-shy but eager, opens tourney play next Monday against potent St. Ignatius at 3:30 at SSF's Orange park.

On Wednesday next week, the Indians meet either the winner or loser of the Capuchino-South City game. Finals are Saturday, March 28.

Jeff won the SSF tourney title in 1957, Mezzera's first in charge. Last year the affair was rained out. It's sponsored by the SSF Jr. Chamber of Commerce.

Other teams entered this time are Serra, Balboa, San Mateo and Riordan.

Mezzera has multiple troubles thus far. His mound staff is shaky. His fielding is spotty, and his regulars aren't hitting in bunches.

But the practice tilts to date don't count and when the chips are down in league play, Jeff's tradition of top play may be upheld.

Mezzera's best eight players thus far (excluding hurlers) are first sacker Roy Reitz, second baseman Rich Mortola, shortstop Bob Strassburger, third sacker Bud Callaghan, catcher Jerry Kennedy (a real power hitter), and outfielders Vic Lewkowitz, J. B. Berry and Ron Kalinin..

The Tribe made seven errors in losing its opener to Galileo, 10-8. Last week, they lost to Lincoln, 6-5, and to St. Ignatius, 7-5. Monday this week they traveled south to get blanked by Carlmont, 9-0.

This Friday, Jeff meets the California Jayvees at Berkeley. League play opens April 3 against pennant-threat Westmoor at Westmoor.

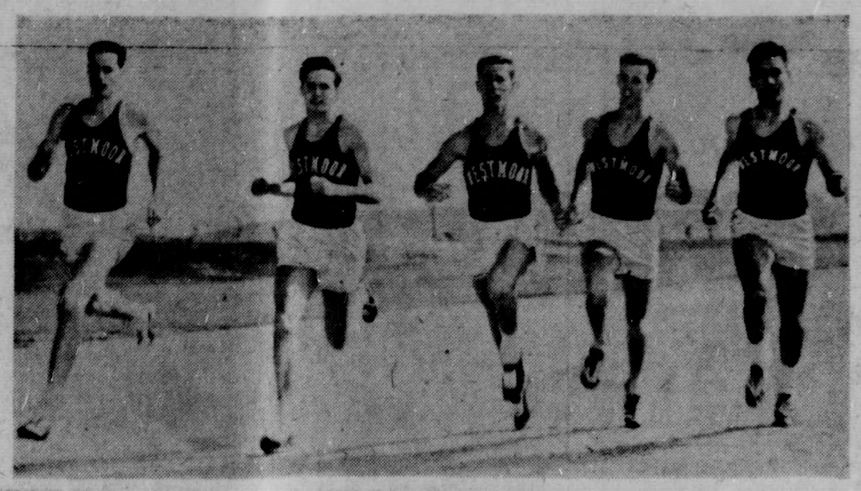

Walt Carlson went the distance for Jeff in the one-run loss to Lincoln last week. Mortola and Berry got two hits apiece and Reitz slammed a triple.

Don Staff, a good-looking soph, went the route against loaded SI. Kalinin's homer and two singles and Callaghan's triple were Jeff's main blasts.

Strassburger and Staff shared the hill work in the shutout administered by Carlmont. Mortola's double and a single by Lewkowitz were Jeff's lone blows off three Scot hurlers.

HARRY Vaplon of Jeff High and Mike Kack (right) of the South San Francisco Jr. Chamber of Commerce inspect perpetual trophy which will go to the winner of the annual SSS Invitational Baseball Tourney next week. Jeff is the defending champ, having won the affair in 1957. Last year's event was rained out. Other teams entered in the three-day spectacle are St. Ignatius, South City, Capuchino, Serra, Balboa, San Mateo and Riordan. Jeff opens Monday afternoon against loaded SI at Orange Park in SSF. YOUNGSTERS GOING STRONG IN PIN LOOPS

The youth of the Westlake area are taking the limelight from their parents at Westlake Bowl as they continue to turn in spectacular scores in the junior leagues under the sanction of the American Junior Bowling Congress.

Last week, Les English, bowling in the Intermediate League, ages 12 to 15, turned in a 211 game and a 556 series. This is the first 200 game in the Saturday morning league and the highest series to date.

Ken Messenger helped his team win two games from OK Electric when he bowled a 205 game in the Junior league which covers boys and girls between 15 and 18. Jim Eddy took high series in the same league with 499. The E. Cardelini Plumbing team won three games in strictly a team effort as all five players averaged about 150 for the morning.

BYA Midgets Lose Opener By 6-0 Count

Art Colvin's BYA Midgets played their first league game Friday night at Excelsior park under the lights against the Excelsior Midgets and lost 6 to 0.

The winners had three hits and made no errors. BYA made six errors and collected only two hits.

BYA Coach Randy Hix, despite the setback, is very pleased with his new crop of players. He cited especially catcher Bill Eagleton and shortstop Grant Gardner.

Excelsior figures to be the club to beat this season in both the Daly City and San Francisco Midget Leagues.

BYA meets the PAL Yankees at Parkmerced this Saturday at 10 a.m. The DC loop opens next month.

Westmoor Win Streak Halted By Serra Nine

Serra High's Padres, fighting off winds that limited the game to six innings, Friday snapped Westmoor's varsity baseball win streak at five by beating the Rams, 6-4.

Coach Rod Losberger's locals, who have the muscles to make a run for the Peninsula League pennant, got only six hits in the breezy affair, two of these by first baseman Bill Dougherty. Serra managed 10 hits.

Because of the wind, Losberger wouldn't let his pitchers, Bob Goodwin and Dick Resse, throw too hard. Goodwin pitched two innings and Reese the final four.

The Rams, led by the big bats of catcher Tom McHugh and outfielder-hurler Terry Christman, went into Friday's game with practice wins over Poly, Galileo, Balboa and Washington of San Francisco's tough AAA league, and a 6-2 decision over San Leandro. Westmoor has had top pitching thus far from Goodwin, Reese, senior Dave Simons, Phil Fair and lefty Christman.

This week, the Rams meet the Cal Frosh today at Berkeley, Palo Alto here Thursday, and Riordan at Westmoor this Friday. The Rams are idle next week.

Serra High Star Prep Radio Show Guest Saturday

Jim Fregosi, most versatile of all Serra High School athletes and the only Padre to be mentioned on the Catholic Athletic League football, basketball and baseball honor squads, visits Prep Sport Scoop, the weekly half-hour North Peninsula radio show, this Saturday at 11 a.m. (1220 on the dial).

The Sera star will be interviewed by Warren Wynkoop, member of the Peninsula Sportswriters Association.

A busy week in spring sports, featuring highlights of baseball games and results at the Peninsula League relays in track will be given on the show.

STILL UNBEATEN

Westmoor Tracksters Nip SI, Dump Galileo

Westmoor's red-hot varsity track squad swept to its fourth and fifth straight victories Friday and Monday in downing St. Ignatius, 57½-55½, and Galileo, 84 2/3-27 1/3, in action at San Francisco.

Coach Ernie Ribera's Rams, favored on the Peninsula this year, will host the Peninsula League Relays this Friday afternoon.

Ribera's aces all scored "comfortable" wins against SI and Galileo. Dave Dunbar breezed to a wind-hampered triumph in his 880 specialty against SI. He ran a 4:43.8 mile against Galileo.

Rich Burnham took both hurdle events against SI and won the highs against the Lions. Bruce Ryner scored wins in the 440 and 880, Jed Cyr sparkled in the quarter mile, and Dave Vogl vaulted 11-6½ and 11-8, the latter a new Westmoor record.

The Ram B's downed SI, 80-24, but lost to Galileo, 52½-51½. Ribera's C's lost both, 45-32 and 64 2/3-12 1/3.

Best effort for the B's was Tom Dake's triple against Galileo. He won the two hurdles and broadjumped 20-2.

TITLE TIMBER?

W-moor Baseballers Face Paly, Riordan

Westmoor's varsity baseball club, a hustling outfit that could go all the way, plays host to Palo Alto this Thursday and Riordan's Crusaders this Friday afternoon. Both tilts start at 3:15.

Coach Rod Losberger puts regular rightfielder Barry Krohn on the mound Monday at West Sunset as the Rams and Lincoln waged a 6-6 tie over seven innings. Lefty Krohn, a solid sticker, fanned 15 Links, yielded eight hits and walked five batters.

First sacker Bill Dougherty and catcher Tom McHugh, two outstanding Rams, led the plate work with two hits each. Bill had one double and drove in a pair of runs. McHugh blasted a triple and also had two rbi's.

Losberger has pitching depth with Bob Goodwin, Dave Simons, Dick Reese, Terry Christman and Krohn fit for duty on the hill.

The Ram first string finds Dougherty firmly planted on first, Jim Heick at second, Billy Hix and Danny O'Connor at shortstop, Eddie Berg at third, and Christman, Bill Reynolds and Krohn in the outfield. Berg and Christman have been hitting the ball hard to join Dougherty, Krohn and McHugh with high percentages.

Care To Try Your Hand At Badminton?

The fact that badminton is a game for everyone is obvious if you come to one of the city-sponsored badminton classes. Players of all sizes, ages, and levels of ability are taking part in the program.

Men and women who never played the game before this program started are quickly entering the intermediate and advanced ranks. Midge Pierce is on hand each evening to get the "complete" beginner started or to give pointers to the more advanced players.

Thursday evening, four junior players were invited to take part in the adult program. Doreen Gallegos, John Hernan, Bobo Johanson and Henry Abbott were the outstanding players of the week. These youngsters have shown great interest in the game and are working very hard to improve their skills.

Friday nights the gym is reserved for teenage badminton. Many teenagers are taking advantage of this opportunity. The Department of Parks and Recreation has set up the following schedule of playing time: 7 p.m. to 8:30 p.m., for grades 7 and 8, and 8:30 p.m. to 10 p.m., high school students.

JEFF THINCLADS WALLOP LOWELL FOR 2ND WIN
